

Paerolyte Tabs PLUS

NEXT GENERATION DISINFECTION

Paerolyte Tabs PLUS is a multi-purpose, EPA-registered disinfectant and the only EPA-certified product to kill bacteria in biofilm on hard surfaces. Paerolyte Tabs PLUS is safe and easy to use. Simply dissolve the effervescent tablets in water to create hypochlorous acid (HOCl), a safe, non-toxic, and eco-friendly disinfectant which is 80x stronger than bleach. Paerolyte Tabs PLUS may be applied throughout any livestock facility using any standard disinfecting equipment.

NO Measuring NO Concentrates NO Storage NO Waste NO Disposal

Paerolyte Tabs PLUS protects farm workers by eliminating the risk of chemical burns, toxic fumes, and irritation caused by traditional disinfectants and cleaners.

Benefits

- Eliminates 99.9% of viruses and bacteria
- Destroys bacteria in biofilm
- Simple & easy to use
- Shorter contact time

Sustainability

- Eco-friendly
- No harmful chemicals
- Less waste & disposal

Safety

- Safe & Non-Irritating
- Non-Toxic / Non-Hazardous
- Lightweight - no heavy containers
- No protective wear

Transportation and Handling

- Safer preparation
- No risk of chemical spills
- No shipping of liquids
- No transport of hazardous materials

Paerolyte Tabs PLUS

SEE PRODUCT LABEL FOR COMPLETE LISTING

PERFORMANCE AGAINST BACTERIA GROWING IN A BIOFILM ON HARD NON-POROUS NON-FOOD CONTACT SURFACES

Paerolyte Tabs PLUS is effective against bacteria growing in biofilms on hard, non-porous, non-food contact surfaces [See Usage Table for dosage and contact times].

Tablet size	6.55 Gram		13.1 Gram	
Solution PPM (Free Available Chlorine)	Tablets	Gallons of water	Tablets	Gallons of water
1076	2	1	1	1
2153	4	1	2	1
4306	8	1	4	1
5382	10	1	5	1

DIRECTIONS FOR USE AGAINST BACTERIA GROWING IN A BIOFILM

Pre-clean surfaces to remove soil and filth. Wipe dry. Prepare solution strength as required.

[See Usage Table for correct doses and contact times; refer to Dilution Chart for solution preparation].

Allow surface to remain wet for 4 minutes.

DIRECTIONS FOR SANITIZATION

Paerolyte Tabs PLUS is recommended for sanitizing all types of compatible hard, non-porous equipment and utensils used in food processing and canning plants, bottling plants, breweries, fish processing plants, meat and poultry processing plants, milk handling and processing plants, stores, restaurants, and institutional dining establishments. [Refer to Dilution Chart to prepare a 100ppm solution and allow surface to remain wet for 1 minute.]
