

Litter Magic

Litter Magic has shown to mitigate and control irritants and lower moisture. Litter Magic has no harmful side effects and has a triple “0” NFPA Rating.

Improve Litter Quality and Reduce Ammonia

Litter management is essential to animal health and safety. Used litter is a source of harmful bacteria and ammonia, which causes foot pad lesions, respiratory problems, and blindness.

Better Biosecurity offers a comprehensive litter amendment product formulated to reduce irritants, odor, and moisture, providing a dry and more comfortable place to raise birds. Litter Magic contains “live” bacteria and natural enzymes cultured specifically for their ability to digest organic matter quickly and efficiently, providing a safer and healthier living environment for birds.

Benefits

- ✓ Reduce moisture
- ✓ Control Odors
- ✓ Safe to apply with birds present
- ✓ Organic & Eco-Friendly

Apply 2-4 lbs per 1,000 ft² of new or used litter. See label for complete directions for use.
