

Paerolyte Tabs Plus

Paerolyte Tabs Plus is the only shelf-stable hard surface disinfectant that uses hypochlorous acid (HOCl) as the active biocide. HOCl is trusted by millions of people worldwide for disinfection of hospitals, food processing facilities, and other critical applications.

“Paerolyte Tabs Plus is simple, safe and effective. There is no reason to use any other product for hard surface disinfection.”

Blaine Hitchens

2024 Grower of the Year - Allen's Poultry

Better Facility Disinfection

Paerolyte Tabs Plus is the newest way to deep clean and disinfect your facilities without having to worry about hazardous chemicals.

Thorough disinfection of buildings and equipment is the cornerstone of a good biosecurity program. Although there are a number of highly effective disinfectant products on the market, only Paerolyte Tabs Plus is effective against tough biofilms and safe enough to use with no protective equipment or site preparation.

Benefits

- ✓ EPA approved from eliminating bacteria in biofilm
- ✓ EPA-registered and approved for hard surface disinfection
- ✓ Kills up to 99.9999% of bacteria and viruses
- ✓ Easy to use tablets for exact concentration levels
- ✓ No measuring, handling, or shipping of hazardous liquids
- ✓ No corrosion or equipment wear and tear

Paerolyte Tabs Plus

Paerolyte Tabs Plus comes in easy to use tablets that require no measuring or handling of hazardous liquids. Simply drop the tablet in water and apply. Works with any applicator including hand sprayers, pressure washers, foamers, boot washers, truck washers, and more.

Get consistent results every time and avoid the cost and inconvenience of shipping, handling and storing bulk liquids. Paerolyte Tabs Plus is the go-to solution for all disinfection needs!

EPA registered and proven to kill over 50 different pathogens including:

- ✓ Avian influenza (H5N1, H3N2, H1N1)
- ✓ Bordetella
- ✓ Streptococcus
- ✓ Staphylococcus
- ✓ E. coli
- ✓ Salmonella enterica
- ✓ Enterococcus faecal

Application	Concentration
General disinfection of hard surfaces	1076 ppm
Extra strength for eradication of biofilms and fungi (Aspergillus and Candida)	4306 ppm

See product label for full list of biocidal claims and instructions for use.
