

Paerolyte Tabs

Minis

Clean water is key for happy, healthy animals. Drinkers can quickly build up pathogens such as Salmonella and E. coli, which can multiply between animals quickly. Regularly treating water helps prevent cross-contamination, supports growth, and keeps your animals healthy.

Paerolyte Tabs Minis make it easy to keep your animals' drinking water clean and safe. Perfect for backyard flocks, small herds, or home-raised animals, they help cut down on harmful bacteria and viruses - protecting both your animals and the people who care for them.
